

Ambika Sharma

Full Stack Developer · Python · React · Node.js · MySQL

Varanasi, UP · ambikasharma67721@gmail.com · +91 8318269750 · linkedin.com/in/ambika-sharma-4115a7213 · github.com/ambikaas27

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building end-to-end web applications using Python, JavaScript, React, Node.js, and MySQL. Writes clean, maintainable code and ships features quickly — ideal for fast-paced team environments. Strong foundation in database design and full-stack development backed by real-world internship experience. Ready to own features, collaborate in small teams, and contribute to product growth from day one.

TECHNICAL SKILLS

Languages: Python, PHP, JavaScript, HTML, CSS

Frameworks: React, Node.js, Express, Bootstrap

Databases: MySQL — schema design, normalization, query optimization

Tools: Git, VS Code, Browser DevTools

PROJECTS

Online Education Platform — *PHP, MySQL, Python, JavaScript, Bootstrap*

- ▶ Built a full-stack LMS from scratch with role-based access for students, instructors, and admins.
- ▶ Designed normalized DB schemas for users, courses, and progress tracking — enabling efficient queries at scale.
- ▶ Implemented secure session-based authentication and RBAC to protect course content.
- ▶ Automated student progress reporting via Python scripts; built responsive UI with Bootstrap.

Developer Portfolio Website — *React, Python, MySQL, CSS*

- ▶ Designed and built a dynamic personal portfolio showcasing projects, skills, and experience using React.
- ▶ Integrated a Python backend to handle a contact form with email notification and MySQL storage for messages.
- ▶ Implemented smooth animations, responsive layout, and dark/light mode toggle for an enhanced user experience.
- ▶ Deployed on GitHub Pages with clean component-based architecture and reusable React components.

EXPERIENCE

Web Developer Intern | **Boot & Boost Entrepreneur LLP, Varanasi**

Sep 2024 – Dec 2024

- ▶ Developed and shipped dynamic web pages and backend workflows using PHP and MySQL.
- ▶ Rewrote inefficient DB queries and improved form validation, boosting performance and data integrity.
- ▶ Debugged production issues and collaborated with stakeholders to deliver features on time.

EDUCATION

B.Tech — Computer Science & Engineering | **Ashoka Institute of Technology and Management, Varanasi**

2020 – 2024

CGPA: 7.26 / 10

Class XII (CBSE) | **Kendriya Vidyalaya, Kanchanpur**

2019 – 2020

Score: 77%

Class X (CBSE) | **Kendriya Vidyalaya, Kanchanpur**

2017 – 2018

Score: 74%

CERTIFICATIONS

- ▶ Web Designing — SLOG Solutions Pvt. Ltd. (2023)
- ▶ TechSaksham Foundation Course — Microsoft & SAP (2022–23)
- ▶ Python Programming Workshop — Techup Technologies (2022)
