PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building end-to-end web applications using PHP, MySQL, JavaScript, and React. Writes clean, maintainable code and ships features quickly — ideal for fast-paced team environments. Strong foundation in database design and full-stack development backed by real-world internship experience. Ready to own features, collaborate in small teams, and contribute to product growth from day one.

TECHNICAL SKILLS

Languages: Python, PHP, JavaScript, HTML, CSS

Frameworks: React, Bootstrap

Databases: MySQL – schema design, normalization, query optimization

Tools: Git, VS Code, Browser DevTools

WORK EXPERIENCE

Web Developer Intern

Sep 2024 – Dec 2024

Boot & Boost Entrepreneur LLP, Varanasi

- Developed and shipped dynamic web pages and backend workflows using PHP and MySQL.
- Rewrote inefficient database queries and improved form validation, boosting performance and data integrity.
- Debugged production issues and collaborated with stakeholders to deliver features on time.

PROJECTS

- **Online Education Platform**, Built a full-stack LMS from scratch with role-based access for students, instructors, and admins using PHP, MySQL, JavaScript, and Bootstrap. Designed normalized database schemas for users, courses, and enrollments, implemented secure session-based authentication and RBAC, and generated student progress reports using a dedicated progress-tracking table. [Live Project](#)
- **Developer Portfolio Website**, Designed and built a dynamic personal portfolio using React, JavaScript, CSS, and EmailJS. Integrated EmailJS for contact form submissions with real-time email notifications, implemented smooth scroll animations, responsive layout, dark/light mode toggle, custom cursor, and loading screen. Deployed on GitHub Pages with component-based architecture. [Live Project](#)

CERTIFICATIONS

- **Web Designing** – SLOG Solutions Pvt. Ltd. (2023)
- **TechSaksham Foundation Course** – Microsoft & SAP (2022–23)
- **Python Programming Workshop** – Techup Technologies (2022)
