

Ambika Sharma

Junior Full Stack Developer

📍 Varanasi, UP ✉ ambikasharma67721@gmail.com ☎ 083182 69750 💻 ambika-sharma-4115a7213 🌐 ambikaas27

Summary

Junior Full Stack Developer & Immediate Joiner. Hands-on experience building web applications using React, JavaScript, PHP, Python, and MySQL through web development internship experience. Strong foundation in database design, clean code, and full-stack web development. Eager to collaborate in fast-paced engineering teams and deliver value from day one.

Experience

Boot & Boost Entrepreneur LLP, Web Developer Intern

Varanasi, India

Sept 2024 – Dec 2024

4 months

- Developed and shipped dynamic web pages and backend workflows using PHP and MySQL.
- Rewrote inefficient DB queries and improved form validation, boosting performance and data integrity.
- Debugged production issues and collaborated with stakeholders to deliver features on time.

Projects

Online Education Platform

PHP, MySQL, JavaScript, Bootstrap | studyadda.infinityfreeapp.com

- Built a full-stack LMS from scratch with role-based access for students, instructors, and admins.
- Designed normalized DB schemas for users, courses, and enrollments — enabling efficient queries at scale.
- Implemented secure session-based authentication and RBAC to protect course content.
- Generated student progress reports using a dedicated progress-tracking table in MySQL; built responsive UI with Bootstrap.

Developer Portfolio Website

React, JavaScript, CSS, EmailJS | ambikaas27.github.io/my-portfolio

- Designed and built a dynamic personal portfolio showcasing projects, skills, and experience using React.
- Integrated EmailJS to handle contact form submissions with real-time email notifications — no backend required.
- Implemented smooth scroll animations (AOS), responsive layout, and dark/light mode toggle for an enhanced user experience.
- Deployed on GitHub Pages with clean component-based architecture, custom cursor, and loading screen.

Skills

Languages: Python, PHP, JavaScript, HTML, CSS

Frameworks: React, Bootstrap

Databases: MySQL (schema design, normalization, query optimization)

Tools: Git, VS Code, Browser DevTools

Spoken Languages: English, Hindi

Interests: Problem Solving, Building Side Projects

Education

BTech Ashoka Institute of Technology and Management, Computer Science & Engineering

Varanasi, U.P

- CGPA: 7.26 / 10

Jan 2020 – Jan 2024

Class Kendriya Vidyalaya, (CBSE)

Kanchanpur, Varanasi

12th • Score: 77%

Jan 2019 – Jan 2020

Certifications

Web Designing

Jan 2023

SLOG Solutions Pvt. Ltd.

TechSaksham Foundation Course

2022 – 2023

Microsoft & SAP

Python Programming Workshop

Jan 2022

Techup Technologies
